

Services

The reception desk at Hotel Luna Llena doubles as a tour office and is open all day every day. Our friendly receptionists all speak English and Spanish and are able to help you arrange activities for your days in Tamarindo.

{mosgoogle}

We offer tours and excursions throughout the entire country specializing in local National Parks and eco-adventures. Many of these activities revolve around the natural beauty of the tropical Pacific Ocean; we offer spectacular snorkeling trips, rides to secret surf spots, unforgettably fun surf lessons for beginners, sailboat and catamaran cruises to fill your afternoons and scuba diving to an ancient submerged volcano rim. On land we offer a variety of ATV tours, horseback rides on back-country trails and canopy tours where you learn what it feels like to fly through the trees. There are many National Parks near Tamarindo Bay, the closest of which is only minutes from Hotel Luna Llena and in which you will see Howler monkeys, all kinds of water birds, bright-orange-footed crabs and crocodiles of all sizes. During the nesting season between October and February, it is also possible to witness giant Leatherback sea turtles laying their eggs – a priceless and unforgettable experience. Our Tour Office can also arrange for your rent-a-car and confirm your flights or other travel plans. We can also direct you to yoga classes, Latin dance lessons and other community activities. When it's time to relax we can arrange a massage for you at the hotel or send you to our favorite spectacular spa for all-day pampering.
